ONYX

FOR THE ULTIMATE COMFORT AND PROTECTION

Onyx, new to the range is a high performance film that's fully metalised for exceptional heat rejection for a cooler and more comfortable ride offering enhanced passenger comfort with the added bonus of dramatic glare reduction. Solartint's Onyx is fade and scratch resistant, helps to strengthen the glass and offers an appreciable degree of privacy. Which all adds up to being a deterrent for smash and grab opportunists to help themselves to any valuables left in the car!
